

HIMANSHU KESARVANI

BI-Data Scientist

himanshukesarvanii@gmail.com

+91-7702489286

Professional Summary

Experienced Data Scientist with 11+ years of expertise in data analytics, machine learning, and NLP, with a focus on user behavior, engagement, and operational optimization. Skilled in developing scalable data-driven solutions to enhance business decision-making and efficiency.

Skills

- **Machine Learning:** Regression, Decision Trees, Ensemble Methods, Clustering (K-Means, KNN), Deep Learning (RoBERTa)
- **Programming:** Python, R, SQL, Spark
- **Visualization:** Qlik Sense, Power BI, Tableau, Grafana
- **Cloud Platforms:** Google Cloud, Microsoft Azure
- **Data Processing:** NLP, Data Wrangling, Data Mining, Statistical Analysis

Work Experience

HSBC, Hyderabad, India

Jan 2023 - Present

BI-Data Scientist

- Developed a RoBERTa-based multiclass classifier for operational payment review, reducing decision time from 6 minutes to 35-40 seconds.
- Automated data consolidation using Python, improving processing efficiency and reducing manual effort.
- Designed an interactive dashboard using Qlik Sense for workforce management, streamlining key performance tracking.

Oracle India Pvt. Ltd., Hyderabad, India

Apr 2019 - Dec 2022

Data Scientist

- Developed a predictive user engagement model to identify application bottlenecks and improve user experience.
- Built NLP-powered chatbot (Doc-Bot) for documentation queries, integrating a feedback loop for customer service.
- Designed a real-time sentiment analysis model for enterprise social media, improving customer engagement insights.

Development Bank of Singapore, Hyderabad, India

May 2017 - Mar 2019

Analyst

- Developed a classifier model to identify hiring biases, enhancing fairness in recruitment.
- Built a Candidate Fitment Percentage Model using Random Forest Regressor.

Ekincare, Hyderabad, India

Sep 2015 - May 2017

Software Engineer

- Developed an OCR and NLP-based model for extracting medical insights from reports.
- Built a lifestyle recommendation system based on medical history data.

MAQ Software, Hyderabad, India

Jan 2014 - Sep 2015

Software Engineer

- Developed customer segmentation models for enterprise applications.

Education

Indian School of Business

Advanced Management Programme in Business Analytics

Feb 2019 - Jul 2020

Kamla Nehru Institute of Technology

Bachelor of Technology in Computer Science and Engineering

Sep 2009 - Jul 2013
